FEMALE MIX MASTER

Known for her signature green hair and cat ear headphones, DJ fourpointohh (DJ 4.0), brings her outgoing and energetic personality to every corporate event, festival and celebration with her remixes. DJ 4.0 is a traveling disc jockey born and raised in Fort Worth, Texas, but currently lives in the Dallas area. Her first DJing gigs were at Prairie View A&M University in 2011, becoming their first female DJ. Her academic accomplishments range from receiving her Bachelor's in Mass Communications from Prairie View A&M University and Master's in Professional Communications in Digital Media from Texas Southern University.

She gained valuable experience working at 97.9 The Beat (Dallas), V103 The People's Station (ATL) and Sirius XM (DC) and iHeart's KISS FM 103.1 (TX) throughout the years. In the process of striving to make her dreams of becoming an international corporate DJ a reality, she loves encouraging other millennials to pursue their dreams and advocates for the Alzheimer's Association because of her beloved grandmother who fought Alzheimer's for ten years and passed away in 2013. DJ 4.0's musical palette is very diverse, which shows in her biggest musical influences and role models: Diddy, Lincoln Park, DJ Khaled, Ty Dolla \$ign and Wiz Khalifa, Dr. Dre, DJ Fanci, and DJ Supastar.
